Subject: EPA comments on the BISCEP HPV Challenge submission

Dear Dr. Simon:

Rhodia and Akzo Nobel are members of the DMMP Consortium, which submitted a test plan to EPA for DMMP under the Chemical RTK Challenge Program. I've tried unsuccessfully to email our comments on DMMP to Bill Gentit, who is listed as the contact for DMMP. I would appreciate it if you could identify another contact for this submission, or supply a revised/corrected email address for Bill. The address I used is william.gentit@akzonobel-chemicals.com.

Thanks for any help you can give.
